

CYCLING ROUTE

GET TO KNOW BIRŽAI!

We invite you try a wonderful cycling route with famous Biržai attractions. Biržai region stands out with its unique landscape, so you will definitely learn something new!

The route starts at the bicycle path near the castle in the center of Biržai, where you can admire the fountains and the magnificent castle. This path, which is specially adapted for bicycles, will take you all the way to Astravas manor, and to reach it you will have to cross the longest pedestrian bridge in Lithuania (525 m). After looking around in the newly renovated Astravas Manor park, you will continue to Kirkilai village, where you will find one of the most impressive observation tower in Lithuania and a cognitive trail with pontoon bridges over karst lakelets. Next - geological-cognitive trail Badger's Cave and the famous Cow's Cave... Then take a special bike path to Likėnai, where you will find local mineral water pump-room. After the refreshing break and walk in the beautiful Likėnai park, you will return back to Biržai to end the tour.
